#### Description

The KM 85/50 W BAT is a walk-behind, self-propelled sweeper. The unit operates on the overthrow principle which allows the waste container to be filled to almost 100% of its capacity. Low weight and low noise level for excellent operator convenience, compact construction for good manoeuvrability.

Drive:

- DC motor powered by 24V battery
- Sweeping speed approx. 4.5 km/h
- Forward travel

## Vacuum sweepers walk-behind

### KM 85/50 W Bp Adv

Sweeping/vacuuuming system:

Roller brush with chevron pattern bristles for good dirt collection and optimum results.

Waste container:

Mobile waste container made of corrosion-free impact resistant plastics. Easily removed from the machine.
