Max. Area performance m ² /h	25
Air flow rate l/s	54
Vacuum mbar/kPa	220/22
Spray rate l/min	1
Spray pressure bar	1
max ram pressure bar	2,5

Description

Fresh water tank with filter element allows long periods of operation and protects the pump from soiling. Robust, compact housing made of durable plastics makes the unit lightweight and easy to carry. Two large wheels and two castors for excellent manoeuvrability. Pushbuttons for spraying and vacuuming modes conveniently are positioned on top of the unit. Easily removed transparent suction dome enables recovery performance to be checked at a glance. Service-friendly, rubber-mounted pump and fan module. 9-litre dirt water tank, simply lifts out.

Application

For medium-sized areas in commercial and private applications.

Spray-extraction cleaners

puzzi 100 Super

Features & Benefits
