Tank fresh/dirt water (l)	25/25
Brush contact pressure (g/cm ²)	250
Brush rotation speed (rpm)	1350
Max. area performance (m ² /h)	1600
Frequency (Hz)	50
Voltage (V)	230
Weight (kg)	117
Dimensions (L x W x H) (mm)	800x575x830

Details

Description

The scrubber drier BR 40/25 C for small and blocked floors is equipped with the single knob operation EASY and very easy to maintain. It is very short and has an extremely small turning cycle. So it is exceptionally agile. It has a working scrubbing width of 400 mm. The BR 40/25 C is very quiet, simple to clean and the handle bar can be folded for easy transport. The straight squeegee is equipped with double-sided rubber blades.

Application

It is suitable for basic cleaning, maintenance cleaning and polishing hard floors. It has a performance of 1600 m² and can be used economically for areas of 200 up to 800 m². It cleans smooth or structured surfaces properly. On marble and terrazzo it is possible to crystallize. On parquet, water must be vacuumed immediately (no two-step method). Linoleum can be treated like PVC. For heavy soiling, for polishing or crystallizing there are special accessories available.

Features & Benefits

Battery driven Flexible without power cord. Brush change Easy to maintain. Changing of brushes within seconds. Brush head with transport wheel Easy to use and easy transport. One-button operation - EASY User friendly and easy to maintain. Straight squeegee available Optimized suction effect for all floor conditions possible. Please order separately. Compact size Due to the compact size of the machine it is also possible to clean small blocked areas easily. Tank capacity 25 litre fresh water and 25 litre waste water. Two plastic parts for the chassis. Only few parts. Integrated a two-chamber tank system. Break- and sound-proofed, easy to refill. Fresh water indication The transparent and flexible tubing is easily accessible and indicates the fresh water during cleaning.

Accessories

Microfibre shaft

Microfibre roller

World innovation: Application of microfibre rollers combines the excellent cleaning properties of microfibres with the benefits of the roller brush technology. Combined with roller pad shaft 4.762-228.0.
