

## KM 75/40 W Bp

Walk-behind vacuum sweeper with battery drive. Battery and charger are not included. Reasonable if battery and chargers are already existing. No exhaust emissions and low noise level and therefore best suited for efficient and nearly dust-free indoor cleaning of 600 sqm and more. Carpet cleaning possible with optional carpet cleaning kit. High ease of use due to EASY operation concept and mobile dirt container with trolley system. High agility due to compact size and travel drive.

### Standard accessories:

- Flat pleated polyester filter
- Manual filter cleaning system
- Travel drive - forward
- Adjustable roller brush
- Mobile container
- Bulk waste flap
- Fold-down push handle
- Overthrow sweeping principle
- Vacuum
- Outdoor applications
- Indoor applications
- State-of-charge indicator
- Adjustable suction power
- Side brush
- can be raised and adjusted

**Order no.: 1.049-201.0**

### Technical data

Drive	DC motor
Drive – power	24 V / 400 W
Max. area performance m <sup>2</sup> /h	3375
Working width (mm)	550
Working width (2)	-
Working width with 1 side brush (mm)	750
Working width with 2 side brushes (mm)	-
Container (l )	40
Hill climbing ability (%)	12
Operating speed (km/h )	4.5
Filter area (m <sup>2</sup> )	1.8
Weight (kg)	78
Dimensions (L x W x H) (mm)	1430x780x1180

## Details

### Description

The KM 75/40 W Bp is a battery-powered, walk-behind, self-propelled vacuum sweeper equipped with an effective vacuum device for fine dust. Additional technical details: Drivetrain: > Electric motor: 400W > Infinitely variable travel drive: 0-4,5 km/h Sweeping system: > Overthrow principle > Side-brush liftable; adjustment of sweeping level without tools > Main roller brush changeable and adjustable without tools Filter system: > Flat pleated filter of polyester material (filter area: 1,8 sqm) > Patented mechanical filter cleaning > Change of filter without tools Dirt container: > Volume capacity: 40l > Mobile container with trolley and handling grip Ergonomics and operation: > EASY-Operation display > Ergonomic push handle designed for different user's size > Hand gear for drive train and bulk waste flap located on push handle > Side-brush lift centrally placed within field of operation

---

### Application

> Cost-effective on outdoor and indoor areas of 600 sqm and more > Sweeping of: ... open areas, edges and corners up to narrow entrances and corridors ... plain pavement, industry flooring and concrete up to paving stones asphalt and rough surfaces > Sweeping and driving on areas with up to 15% ascent > Sweeping on humid floorings > For specific dirt types: different main roller and side-brushes as optional accessories > Carpet cleaning with optional carpet cleaning kit

---

### Features & Benefits

. Optimal cleaning result - efficient and nearly dust-free: > Adaptation to different surface conditions due to adjustable roller brush and side brush lift > Adaptation to dirt problems due to optimally compatible machine components and available optional accessories > Collecting bulk waste of up to 50 mm size through bulk waste flap > Continuous and nearly dust-free sweeping due to efficient filter cleaning > Flexible applicable as suited for indoor and outdoor applications (incl. carpet cleaning) > Efficient cleaning on humid floorings due to ventilation regulation to protect the filter Profitability - high performance, low costs: > High area performance due to high working width > Long working intervals due to optimal filling of dirt container (benefit of overthrow principle) > Low cost of ownership due to long lasting, washable polyester filter and low-maintenance travel drive > High durability due to robust and corrosion-resistant material . Ease of use - easy and fast: > Comfortable sweeping due to configuration of all operating handles in field of vision and reach > Low effort due to high agility, travel drive and easy steering > Comfortable removal, transport and emptying of dirt container due to handy trolley grip and castors. > Easy change of roller brush without tools due to quick-change system > Dirt-free change of filter due to clean-side accessibility - furthermore very easy and without tools > Low noise due to efficient sound absorption and electric motor > Easy and space-saving storage due to compact size and fold-away push handle (transport in estate car possible) .

## Accessories

### Flat pleated filter

#### Flat pleated filter

Synthetic filter, moisture-proof, washable, saves maintenance costs

Order no. 5.731-635.0

### Main roller brush, antistatic

#### Main roller brush, antistatic

For sweeping surfaces subject to static build up (e.g. carpets, artificial turf)

Order no. 6.906-950.0

### Main roller brush, hard

#### Main roller brush, hard

For the removal of stubborn dirt outdoors

Order no. 6.906-885.0

### Main roller brush, soft/natural

#### Main roller brush, soft/natural

Specially designed with natural bristles for sweeping fine dust on smooth floors indoors

Order no. 6.906-886.0

## Side brush, hard

### Side brush, hard

Removes stubborn dirt outdoors, moisture-proof, mildly abrasive

Order no. 6.905-625.0

## Side brush, soft

### side brush, soft

Sweeps fine dust on all surfaces, moisture-proof, for indoors and outdoors

Order no. 6.905-626.0

## Standard main roller brushes

### Standard roller brush

Moisture-proof universal bristles, longlife, suitable for all surfaces

Order no. 6.906-884.0

## Standard side brushes

### Side brush standard

Moisture-proof universal bristles, longlife, suitable for all surfaces

Order no. 6.906-132.0

Vacuum sweepers walk-behind

## KM 75/40 W Bp

---

### Sweeping/Vacuuming

#### Carpet sweeping kit

Carpet sweeping kit, consisting of fluff filter, antistatic roller brush and triple caster

**Order no. 2.641-571.0**

---

### Traction batteries and chargers for vacuum sweepers - 24 V

#### Charger

For battery 6.654-021

**Order no. 6.654-068.0**

#### Drive battery 60 Ah

2 required

**Order no. 6.654-226.0**
